LET'S BUILD A PLAYGROUND!

**Griesbach is growing.
So is our need for a playground.**

Griesbach is a community with a proud history. In recent years, Griesbach has been reinvented as one of Edmonton's most unique residential neighbourhoods.

The existing playground on the old school site was once the pride of the community. Sadly, it is now so old that the City will no longer maintain it. It is also so far away from the school it can no longer be enjoyed by young students.

Our proud community has a chance to build a playground worthy of our neighborhood's children. That is why Griesbach Community League is spearheading a funding campaign.

We are asking for your support as a caring member of our corporate community.

Building a playground is a complex game.

The process for building a playground is driven by the specific needs of our community. This grassroots effort includes:

- Assessing our community's needs.
- Establishing community-level partnerships with the City of Edmonton.
- Applying for grants, casinos, bingos etc.
- Site design and development.
- Selection of playground equipment and materials.
- Safety consultation and review.
- Construction and ongoing maintenance.

Most importantly, it's about FUNDRAISING so we can build the playground we want.

A playground benefits everyone.

- It is vital for our children's cognitive, emotional and physical development.
- It serves as a social hub for our kids and parents.
- It increases the appeal and property value of our homes.
- Above all, it fosters and strengthens our sense of community.

Did you know? The time it takes to build a playground depends entirely on community engagement and support.

Once funding is in place it can take from 1 to 2 years to complete construction.

What you get from sponsoring...

- A receipt of sponsorship funds to be used for tax purposes.
- Most sponsorships can be matched and doubled under various funding grants.
- Formal recognition on tasteful commemorative playground features based on level of sponsorship.
- Recognition in Griesbach Community League's newsletters, social media, website and other publications – and at various community events.
- The satisfaction of knowing you're contributing to the health, happiness and well-being of our children.
